Professional Goals 2019-2020

Each faculty/staff member is asked to draft individual professional goals for 2019-2020. Mindful of the school's goals and objectives and your own professional needs, please create 3 professional goals for the academic year. For each goal, list the strategies that you will employ to achieve the goal. These goals will be placed in your professional file and utilized with the school's annual goals as a framework for supervision and evaluation. Please complete and return no later than Friday, September 13.
