

2018-2019 Kindergarten Summer Packet

Get ready for Kindergarten!

This summer activities packet will help prepare your child for the upcoming school year. By introducing your child to numbers and letters, you are setting a strong foundation for learning in the fall. Just a few minutes each day will expose your child to the content introduced at the beginning of kindergarten.

Along with website and app recommendations, you will find a July and August work calendar. There is a math or reading based activity listed on each day. Please complete four activities each week. This is meant to be a fun learning experience for your child.

Please spend 10 -15 minutes a day on the listed activities. Complete the activities and color in the boxes. Please return the colored calendar with completed work at the end of the summer for a special treat.

Kindergarten Summer Reading Calendar: July 2018

Sun	Mon	Tue	Wed	Thu	Fri	Sat
